We Hold the 'Key' to Your Parts Needs!

With our Better Than New Reconditioning Program, you can achieve the efficiency and performance of a new aerator at a substantial cost savings compared to purchasing a new unit.

In addition to our own, we can recondition Models manufactured by:

- Aerator Solutions
- Aqua-Aerobic Systems, Inc.
- Aqua-Jet[®] Aerators
- Ashbrook Corporation
- Aerators, Inc.

Send us your existing Discharge Cone. After cleaning it:

- We add a brand new Aqua-Lator® TEFC motor (offered exclusively by Evoqua)
- We include a new impeller, deflector bearing and fluid deflector
- We build, balance and vertically test for vibration your new power section. Your power section is ready to go back on to your existing float saving time and money.

You Save

- Lower product cost
- No need to purchase new floats and discharge cones
- Quicker turnaround on parts
